Proposed Change

GR1302 Duties [CHAPTER 13-A Responsibilities]

GR1302 Duties

1. Every exhibitor, rider, driver, handler and trainer or his/her agent(s) must sign an entry blank (see GR404 and GR908.2). In the case of a rider, driver or handler under 18, his/her parent or guardian, or if not available, the trainer, must sign an entry blank on the minor's behalf.

2. In order to participate in any Federation Licensed Competition, any Professional, as defined by the Federation rules shall comply with the Federation Safe Sport Policy, including successfully completing Federation-approved Safe Sport training.

(Renumber accordingly)

Rule Change Intent

In an effort to further educate the Federation's coaches and trainers, this rule is being proposed to require professionals, acting as coaches and trainers, to successfully complete several important Federation components. This rule proposal will require that all professionals complete a criminal background check and Safe Sport training. Additionally, all professionals will be required to complete a Federation-approved concussion training and a test on Equine Drugs and Medications basics. Professionals serving as coach or trainer for their minor children will be exempt from the requirements laid out in the rule.

American Saddlebred

Draft 1: Recommends Disapproval 11/27/2017	Draft 1: Without a licensing process or certification it would be very difficult to monitor and enforce. Might encourage more competitions to not be licensed with USE.

Draft 1: Recommends Disapproval 11/15/2017	Draft 1: The committee feels the idea is good, but would be difficult to enforce and more time is need to determine how it would be enforceable. This rule change would also limit participation from amateurs. The idea of concussion training is good, but what are the legal ramifications? These individuals should have a working knowledge of Drugs and medications.

Draft 1: The Connemara group does not have as many "professional" trainers as many of the larger groups, and this rule could prove to be a burden on smaller trainers. There needs to be clearer language for an amateur signing the entry blank for him/herself.

Draft 1: Impractical to comply with at a competition.
Draft 2: The Council approves the principles of the rule in theory but believes the implementation of this rule would be too difficult. There are concerns that the USEF does not yet have a system in place to track non-USEF members (i.e. foreign Athletes, Chefs d'Equipe, Coaches, Veterinarians, Grooms, etc.). Also, can the USEF require foreigners to complete this training when competing in FEI events?

Draft 1: The DSC strongly disagrees with this rule as a REQUIREMENT, but instead suggests that the Safe Sport Policy be offered as a member BENEFIT. i.e. Trainers may opt to take the training & the background check, and upon doing so would earn a "star" or certification for their membership. Therefore, other members could benefit from knowing their Trainer is certified under the Safe Sport Policy. Making this a requirement would be ENTIRELY too difficult to enforce & would also be a hardship on many trainers who don't operate as a professional business & simply have a few clients. DSC suggests to offer the Safe Sport Policy as a benefit rather than requirement.

Draft 1: The intent of this rule is good, but not practical for the Welsh group. We do not have many professional trainers as compared to larger groups, and this may cause a financial hardship on those who sign the entry blank as such. There is concern that this may turn smaller groups like the Welsh away from licensing with USEF.
