HJ102 Definitions – Competition Rings, Schooling Areas, Exercise Areas & Lunge Areas, Maintenance and Judge's Site

Depending on competition rating or level approved, additional requirements may apply.

1. —A Competition Ring is defined as a designated area on the competition grounds where classes are held for competition of hunters and/or jumpers. All competitions must provide a minimum of one (1) dedicated competition ring. When a competition ring is not being utilized for its primary purpose, it may be utilized to meet other required HJS such as exercise, lunge or schooling areas. This area must still meet the HJS for the other required use.
2. —Beginning 12/01/2011 and ending 11/30/2016, competitions may apply in writing to the Federation for a "Temporary Waiver" of the HJS size requirement of a competition ring, schooling area, exercise area and/or lunge area as set forth in the Federation HJS. A Temporary Waiver may not exceed a five percent (5%) reduction from the HJS. The Temporary Waiver must be based on facts and circumstances that are beyond the control of the competition. Any Temporary Waiver request may only be approved for the period beginning 12/01/2011 and ending 11/30/2016. Full compliance with Federation HJS for competition rings, schooling areas, exercise areas and lunge areas will be required beginning 12/01/2016.
3. —A Schooling Area is defined as a designated area on the competition grounds in close proximity to the competition ring in which horses are being prepared to compete.
4. —An Exercise Area is defined as a designated area on the competition grounds in which horses at the competition may be exercised both on the flat and over fences.
5. —A Lunge Area is defined as a designated area on the competition ground that is used primarily to lunge horses.
6. —Horses cannot be required to be exhibited in the competition ring or schooled in the designated schooling areas before sunrise or after sunset unless lighting in accordance with HJ102.6 and GR834.2 is provided that assures full and complete visibility.
7. —Lighting which provides full and complete visibility for a safe working environment for horses and personnel must be provided if any of these areas (competition ring, schooling area, exercise area and lunge area) are open for use between sunset and sunrise.
8. —A Judge's site with climate appropriate protection from adverse weather conditions and seating must be provided at each competition ring or other judging location.
9. —Water trucks, sprinklers, snow removal or another climate appropriate system(s) must be used to address climate related conditions including, but not limited to, dust reduction for all required and provided rings, schooling, exercise and lunge areas.

HJ103 Footing for Competition Rings, Schooling Areas, Exercise Areas & Lunge Areas

{See HJ114 for additional requirements when the Horse Entry Numbers exceed five hundred (500) and/or licensed series of competitions are scheduled for a period of twenty-one (21) days or more without a break of at least five (5) consecutive calendar days}.

Depending on competition rating or level approved, additional requirements may apply.

1. —The footing in all rings, schooling rings, exercise areas and lunge areas must be safe, consistent and appropriate for the intended use and type of competition. These areas must be properly maintained at least daily, and more often depending upon use and weather conditions.
2. —Competition management is required to make an effort to maintain the best possible footing in competition, schooling, and exercise and lunge areas. Provisions must be made (by having on hand functioning proper equipment and scheduling sufficient breaks in the schedule) to maintain the footing in those areas throughout the competition by dragging, watering, and raking, if necessary.

HJ104 HJS Support and/or Stabling Facilities

Depending on competition rating or level approved, additional requirements may apply.

1. —When provided, stalls must be of sturdy construction, in good condition and safe for horses and ponies. Prize list must specify type of stabling and type of stabling flooring. Stall doors must be provided. The recommended minimum dimensions for box stalls for horses are 9'6" wide by 9'6" deep or comparable square footage with a minimum ceiling height of 7'0". It is essential that the covering over the stalls is weatherproof.
2. —If stabling is provided, each fifty (50) occupied stalls must be provided with one sharps container for the disposal of needles and other disposable sharp instruments. These containers must be placed in convenient locations in barns housing competition horses. If stabling is not provided, competition management must place a minimum of one sharps container for every seventy-five (75) horses entered the previous year in visible and convenient locations.
3. —It is competition management's responsibility to replace sharps containers when full and dispose of them properly. Competition management may fine any individuals including trainers, owners, exhibitors, or their agents up to \$100 for improper disposal of needles or other sharp disposable instruments.
4. —If local law has more stringent requirements than above relating to sharps containers or disposal, local law will prevail. Competitions failing to comply with placing the required number of containers on the competition grounds will be considered in violation of the rules and may be subject to penalty as determined by the CEO or his designee and/or the Hearing Committee.
5. —The lighting in the barns and stabling areas must be adequate to provide a safe working environment for horses and personnel.
6. —A minimum of one (1) horse wash area with an operational water outlet and proper drainage for each fifty (50) horses entered in the prior year.
7. —When stabling is provided, trash and manure must be removed to the designated dumping area(s) daily or placed in adequate sanitary containment facility. When no stabling is provided there must be a designated trash and manure dumping area(s).

HJ105 HJ102 Other Competition Standards Requirements

Depending on competition rating or level approved, additional requirements may apply.

1. — Convenient and ample water facilities for horses and potable water for human consumption must be provided and available at all times.
2. — A minimum of one (1) clean and sanitary restroom (water closet) either portable or permanent must be provided for every fifty (50) horses entered in the previous year and must be cleaned and supplied daily.
3. — At least one (1) food and beverage service must be available on the competition grounds beginning thirty (30) minutes prior to start of first scheduled class and ending one (1) hour prior to the conclusion of the competition for each day of the competition. The food and beverage service must be adequate to meet the needs of those that attended in the prior year. Vending machines do not qualify.
4. — Adequate parking areas for vans, trailers, competitors and officials must be provided.
5. — A level surface area for measurement (if there are divisions that require measurement) in accordance with GR507.
6. — A competition office with adequate staff to process workload in a timely manner.
7. — Communication between secretary, Stewards, announcer, in-gate, all competition rings and stables (if applicable) must be provided.
8. — Subject to local law and/or management's specifications as published in both prize list and on entry form, any owner or trainer on the grounds of a competition must be permitted to haul in hay, grain and bedding for their own horses.
9. — An owner or trainer may utilize a farrier or veterinarian of their choice. It is the responsibility of the owner or trainer or competitor to advise the competition if they intend to bring their own vet or farrier onto the grounds.
10. — Management must provide emergency telephone numbers plus directions to the competition which may be quickly relayed to the offsite responder. If no cell phone service is available a land line with twenty-four (24) hour access must be provided. This information must be posted outside the horse show office and printed in the prize list.
11. — Information regarding the use of motorized vehicles (golf carts, motorbikes, scooters, etc.) must be included in the prize list.
12. — Adequate and knowledgeable jump crew, in-gate, and other personnel to assist in the operation of the competition.

SUBCHAPTER HJ- 2 RATINGS & HORSE ENTRY NUMBER STANDARDS

HJ406 HJ102 HJ Competition Standards (HJS) are Specific Only to Regular Competition Classification and Ratings as Defined Below

HJ406 does not apply to Local competitions. All Local competitions must meet the Basic Standards set forth in HJ100 through HJ405 **HJ107**. Regardless of rating, additional requirements apply (HJ444 **HJ108**) when Horse Entry Numbers exceed five hundred (500) and/or licensed series of competitions are scheduled for a period of twenty-one (21) days or more without a break of at least five (5) consecutive calendar days.

A competition must apply for an exception to any competition standard outlined in HJ105-HJ108 if management is unable to remedy facility limitations or space constraints due to extenuating circumstances at the facility, beyond reasonable control of competition management. The application for exception must be submitted at the same time as the competition's license application or license renewal on a form provided by the Federation.

HJ407 HJ103 Definitions

1. Definitions.
 - a. Rated Hunter competitions are classified as Premier, National, Regional I, or Regional II. Unrated competitions are classified as Local.
 - b. Jumper competitions are designated as Levels 1, 2, 3, 4, 5, and 6 based upon prize money. See JP104.
 - c. Rated competitions offering hunter only, or both hunter and jumper will be subject to HJS set forth under the Premier, National, Regional I and Regional II hunter rating.
 - d. HJS for a jumper only competition will be:
 1. Standards set forth under Premier required for Jumper Levels 5 and 6
 2. Standards set forth under National required for Jumper Levels 3 and 4
 3. Standards set forth under Regional I required for Jumper Level 2
 4. Standards set forth under Local required for Jumper Level 1
 - e. Federation Special competitions or Jumper Level 6 competitions may be subject to a Federation approved waiver (GR309) or other modification of a portion of the Standards (including HJS), in connection with the Special competition approval.
2. Whenever two (2) Standards are applicable to a competition, the entire competition is to achieve the highest Standard applicable to any portion of the competition.
3. For multi-breed competitions (see HJ101) which contain hunter and/or jumper sections, and for local competitions when operating within an existing rated hunter and/or jumper competition, the highest applicable HJS for any portion of the hunter and/or jumper competition is to be applied to the entire hunter and/or jumper discipline sections only.
4. **All competitions must state their competition rating and/or level clearly on the cover of the prize list.**

HJ408 HJ104 HJS Competition Standards Horse Entry & Renewal

1. Number of Horse Entries Required for HJ Competition Rating.
2. No minimum horse entry number is required to achieve the rating for jumper competitions. Prize money is the alternative criteria required for a jumper rating.
3. Competitions restricted to only conducting Breeding classes are exempt from the Horse Entry standard requirement.
4. Two day National Junior/Amateur restricted competitions will have a Horse Entry Number requirement of fifty (50). Competitions which utilize only one (1) competition ring or which offer only hunter and equitation classes (no jumper classes) will have a Horse Entry Number requirement as follows: Premier – seventy-five (75), National – fifty (50), Regional I – thirty-five (35) and Regional II – twenty (20).
5. Rating and Horse Entry Numbers.
(See HJ444 **HJ108** for additional HJS requirements)
Required number of Horse Entries for Regular or Local competition Classification rated hunter or hunter/jumper are:
 - a. Number of horse entries required for a Premier rated hunter or HJ competition is a minimum of two hundred (200).
 - b. Number of horse entries required for a National rated hunter or HJ competition is a minimum of seventy-five (75).
 - c. Number of horse entries required for a Regional I rated hunter or HJ competition is a minimum of fifty (50).
 - d. Number of horse entries required for a Regional II rated hunter or HJ competition is a minimum of twenty-five (25).
 - e. There is no minimum number of horse entries required for a Local competition.
 - f. For the required number of hunter classes per rating for hunter sections see GR312.6.
6. Horse Entry Number Determination and License Renewal Requirements.

The HJS Horse Entry Number (HJ108 **HJ104**) is based on the number of horses entered as determined by drug fees paid for the prior year. Horses used in equitation classes are included in the number of horses entered

7. New Competition or New Rating Horse Entry Requirement.

During the first three (3) years of a competition, the minimum number of horse entries is determined based upon the minimum number of horse entries required for the rating applied for by the Licensee and approved by the Federation. During one (1) of the first three (3) years for a competition that is new, or for a competition that is held at a new rating, the minimum Horse Entry Number (HJ108 **HJ104**) for the competition must be achieved

8. Renewal Competition Horse Entry Number Rating Requirements.

a. For competitions with three (3) or more years of operation, a competition License may be renewed if they have achieved the HJS Horse Entry Number in at least two (2) of the last three (3) years. The License renewal may be delayed until the completion of the last competition of the existing License, if it is in the best interest of the competition to achieve the HJS Horse Entry Number required for renewal. The other HJS that are applied to a competition must be achieved every year in order to maintain the Rating/Level.

b. If the required minimum HJS Horse Entry Number is not achieved during the period set forth, then the competition will be provided with a License at a lower rating consistent with the Horse Entry Numbers achieved. The Licensee may continue to conduct a competition at the same location and one the same dates at the new Rating and/or Level in accordance with (HJ108 **HJ104**) and subject to achieving other HJS required for the Rating or Level.

9. Renewal License Request at a Higher HJS Horse Entry Number Requirement. Any higher rating for a competition may only occur upon application by the Licensee and approval of the Federation in accordance with established license procedures. When a competition is approved to receive a license for a higher rating they must conduct at least three (3) competitions at the new rating before they may again apply for a higher rating

10. Renewal License Request at a Lower HJS Horse Entry Number or Other HJS Requirement. If the competition Licensee is not able to, or does not wish to, meet the applicable HJS to continue their current rating, the Licensee may request and receive a License at a lower rating, subject to meeting the applicable HJS for the new rating and Federation approval.

11. Renewal License Process Review.

The Federation, in its sole discretion, may determine that a competition has been adversely affected in the competitions ability to achieve the HJS as a result of an unforeseen or unavoidable occurrence. If this unusual occurrence adversely impacts the number of horses entered in the competition, the Federation will not consider the affected competition year in determining renewal rating eligibility. In order for the Federation to make their determination, facts must be reported in writing by competition management to the Federation Competitions Department prior to the earlier of the third day or end of writing by competition management to the Federation Competitions Department prior to the earlier of the third day or end of the licensed competition. Unforeseen or unavoidable occurrences may include Acts of God. The Federation, in its sole discretion, may audit competitions to determine that they are faithfully compliant with the HJS Horse Entry Number Requirement. If a competition is found to be non-compliant due to inclusion of inaccurate information in the competition report or other reports to the Federation, Licensee is subject to immediate revocation of all licenses.

SUBCHAPTER HJ-3 REQUIREMENTS TO OBTAIN RATING

US Equestrian Minimum Requirements for Hunter Jumper Competitions

HJ105 Safety and Welfare

1. Definitions

a) ***Potable Water: Convenient and ample water for horses and potable water for human consumption must be free and available at all times. If the facility cannot provide adequate potable water or runs out of potable water, management must provide an alternate water source as soon as possible. If the competition has been without ample water for horses for four consecutive hours, the competition must be halted until water is available.***

b) ***Restrooms: A minimum of one operable, sanitary restroom must be provided for every fifty (50) horses entered the prior year. A restroom is a fully-enclosed space with a lockable door containing a functioning toilet and stocked toilet paper dispensers. Men's restrooms may contain urinals. If the restroom is permanent, toilets must flush, hand soap must be provided, and operable sinks that dispense potable water must be provided. All restrooms must be stocked daily, or more often depending on use, and must be cleaned and thoroughly sanitized daily, or more often to prevent the accumulation of debris in undesignated areas.***

c) ***Accident Preparedness: An operable landline or cell phone must be reserved and accessible at all times for the purposes of contacting emergency personnel. The following information must be posted outside the show office, and readily available to anyone on the competition grounds:***

1. ***All 24-hour telephone numbers for horse and human emergencies;***
2. ***Map of competition grounds;***
3. ***Directions from competition to nearest hospital and equine veterinary center;***
4. ***Facility address; and***
5. ***GPS coordinates of facility address.***

d) ***Safe Sport Information Signage: Signage provided by USEF detailing information regarding Safe Sport practices and reporting procedures must be posted in the show office.***

e) ***Veterinarian:***

- i. ***The official competition veterinarian must be on grounds or on call with a contractual written agreement stating that the***

veterinarian will be on the grounds or on call during the competition. The contractual agreement must be signed by competition management and the veterinarian who will be on duty. A veterinarian is required on grounds if the competition meets the following criteria and/or rating:

1. All Premier rated and/or Jumper Level 5/6 competitions;
2. A competition in which the previous year's horse entry number exceeds 200 (HU114 and JP105.5); or
3. A first-year multi-day competition with 'A' rated sections.

ii. If required on site based on rating, the official competition veterinarian must be provided with a clean area that is protected from the elements and secured from public view to serve as a first aid station or emergency treatment area of ill and injured horses. The first aid area must be lighted, supplied with electricity and running water, and large enough to provide a suitable and safe working environment. See GR1211.4 for additional requirements.

iii. An owner or trainer may utilize a veterinarian of their choice without being subjected to an additional fee from the competition for doing so. It is the responsibility of the owner, trainer, or competitor to advise the competition if they intend to bring their own veterinarian onto the grounds at any time.

f) Farrier: If required on-site based on rating, the official competition farrier must be provided with a clean area protected from the elements with a level surface. The farrier area must be lighted, supplied with electricity and access to water, and large enough to provide a suitable and safe working environment.

i. An owner or trainer may utilize a farrier of their choice without being subjected to an additional fee from the competition for doing so. It is the responsibility of the owner, trainer, or competitor to advise the competition if they intend to bring their own farrier onto the grounds.

g) Human Ambulance: A medical vehicle used to respond to medical emergencies and to transport medical patients to the hospital for treatment. Emergency medical service calls must be placed in accordance with applicable local Health Department statutes and regulations.

h) Qualified Medical Personnel: See GR848.

i) Emergency Horse Transport: An operational vehicle with a designated driver dedicated to the transportation of equines on and/or from the property in the instance of an equine injury or emergency. If the horse ambulance consists of a trailer, the trailer must be sized for horses, equipped with a ramp, and properly attached to an operational towing vehicle with a designated driver throughout the competition.

j) Automated External Defibrillator (AED): An automated external defibrillator (AED) must be operable and placed in a designated, safe location. All qualified medical personnel must be informed of the AED's location prior to the start of competition.

HJ106 Riding and Lunging Areas.

1. Each riding and lunging area must be clearly labeled with signs indicating whether the area is open or closed, in accordance with the competition schedule. Riding or lunging may not occur in a riding or lunging area that has been closed for use. Lunging is not permitted in the same area in which horses are being ridden; riding is not permitted in the same area in which horses are being lunged. The prize list must specify the dimensions of each riding and lunging area at the facility.

2. Definitions.

a. **Competition Ring:** An area designated with signage and a barrier, with a gate or space for entry and exit, on competition grounds where classes are held for competition of hunters and/or jumpers. All competitions must provide a minimum of one dedicated competition ring. Competition rings may be utilized as an exercise, lunge, or schooling area when not being used for its primary purpose if the ring meets the sizing requirements for each area.

b. **Main Competition Ring:** The main competition ring is defined as a competition ring for hunters and/or jumpers which takes priority scheduling over all other competition rings, or holds the class with the largest amount of prize money, and has designated seating for spectators and riders. If one competition ring (defined above) is provided, it will serve as the main competition ring.

c. **Schooling Area or Warm-up Area:** A designated area on the competition grounds in which horses are being prepared to compete. A schooling area is required to be designated with signage and on the facility map for each competition ring, and located in close proximity to the competition ring it serves. Schooling areas must be available one hour prior to the start of the first scheduled class until the end of the last scheduled class in the competition ring for which the schooling area is designated.

d. **Exercise Area:** A designated area on the competition grounds in which horses at the competition may be exercised, or lessons may be held, both on the flat and over fences.

e. **Lunging Area:** An area designated on the competition grounds that is used to safely lunge horses on the flat only.

f. **Lighting:** Lighting must provide full and complete visibility for a safe working environment for horses and personnel if competition rings, schooling areas, exercise areas, and lunge areas are open for use between sunset and sunrise. Horses cannot be required to be exhibited in the competition ring or schooled in the designated schooling areas before sunrise or after sunset unless lighting in accordance with GR 834.2 is provided that assures full and complete visibility.

g. **A Judge's Site or Judge's Booth:** A judge's site must offer climate appropriate protection from adverse weather conditions, seating, and visibility of the area being judged. Judges' sites must be provided at each competition ring and all other judging locations.

h. **Footing:** The footing in all competition rings, schooling rings, exercise areas and lunge areas must be safe, consistent and appropriate for the intended use and type of competition. These areas must be properly maintained at least daily, and more often depending upon use and weather conditions. Plans and knowledgeable maintenance staff must be in place to monitor the safety of the footing in all riding and lunging areas. Competition licensee or manager must develop a tentative footing maintenance plan for all competition rings, schooling/warm-up areas, exercise areas, and lunging areas prior to and during competition. The maintenance plan should include the type of footing, planned maintenance for each area, weather contingencies, personnel and equipment, and any breaks in the schedule for maintenance.

i. Competition management is required to make appropriate efforts to maintain the best possible footing in competition, schooling, and exercise and lunge areas. Provisions must be made (by having on hand functioning proper equipment and scheduling sufficient breaks in the schedule) to maintain the footing in those areas throughout the competition by dragging, watering, and raking, if necessary.

ii. Water trucks, sprinklers, snow removal, or other climate appropriate system(s) must be used to address climate related conditions, including dust reduction for all riding and lunging areas.

iii. Horses are not permitted in riding and lunging areas while the areas are being serviced by motorized equipment.

i. **Competitor and Spectator Seating:** Bleachers, benches, or chairs available adjacent to the main competition ring. Seating must be well-constructed, in good condition, and safe for use.

j. **Shelter for Horses & Riders:** At least one permanent or temporary structure with the capacity to comfortably and safely cover horses and riders and provide protection from sunlight and extreme temperatures. The shelters must be located adjacent to a schooling area or competition ring. Shelters must be well-constructed, in good condition, safe for use, and anchored securely to the ground in order to withstand wind.

k. **Ring Staff:** Jump crew must be assigned to each competition ring in which jumps are used, to replace fences that were knocked down, help with course setting, rake or tamp footing, and aid in the event of an accident or emergency. In-gate personnel must be assigned to each competition ring to ensure the competition runs on schedule and must be equipped with a legible schedule and entry list for each class.

HJ107 Facilities.

1. Definitions

a. **Parking Areas:** Parking areas for vans, trailers, competitors, spectators, and officials must be provided. Parking for spectators and competitors must be designated with signage. Vehicles must be parked in designated areas that do not impede foot, horse, or vehicle routes.

b. **Level Measurement Area:** A level surface area for measurement (if there are divisions that require measurement) in accordance with HJ140.

c. **Lighting in Stabling:** The lighting in the barns and stabling areas provided by the competition must provide a safe environment for horses and clear visibility for people.

d. **Waste Containment and Removal:** Competitions must remove and dispose of animal, human, and trash waste as necessary to maintain a sanitary environment. Manure and trash containment areas or receptacles must be placed in convenient areas throughout the facility. Manure or trash containment areas or receptacles must not obstruct foot or vehicle traffic routes or be placed in areas where fluids accumulate.

e. **Sharps Containers:** A sharps container is made of puncture-resistant plastic with leak-resistant sides and bottom. They have a tight fitting, puncture-resistant lid which does not allow sharps to come out of the container. Sharps containers must be properly labeled to warn of hazardous waste inside the container.

i. If stabling is provided, each fifty (50) occupied stalls must be provided with one sharps container for the disposal of needles and other disposable sharp instruments. These containers must be placed in visible, accessible, and convenient locations in barns housing competition horses. If stabling is not provided, competition management must place a minimum of one sharps container for every seventy-five (75) horses entered the previous year in visible, accessible, and convenient locations.

ii. It is competition management's responsibility to dispose of contents of sharps containers when the container is three-quarters (3/4) full, in accordance with community guidelines for proper disposal methods. Competition management may fine any individuals including trainers, owners, exhibitors, or their agents up to \$100 for improper disposal of needles or other sharp disposable instruments.

iii. If local law has more stringent requirements than above relating to sharps containers or disposal, local law will prevail. Competitions that fail to place the required number of containers on the competition grounds or dispose of the contents properly will be considered in violation of the rules and may be subject to penalty as determined by the CEO or his designee and/or the Hearing Committee.

f. **Stabling:** When provided, stalls must be of sturdy construction, in good condition, well-ventilated, dry, and safe for horses and ponies. Prize list must specify the type of stabling and type of stabling flooring. Trash, debris, and hazardous materials must be removed from every stall prior to occupation. If a safety issue is identified and brought to management's attention, management must address the issue as soon as possible. Functional and durable stall doors must be properly attached to every stall. Doors of occupied stalls cannot be obstructed. Aisles must be sized so that the stall doors across from each other can open concurrently to the widest point without touching. The minimum dimensions for box stalls containing horses and ponies are 9'6" wide by 9'6" deep with a minimum wall height of 7'0". The covering over the stalls must be weatherproof, properly secured, and in good repair.

i. Subject to local law, any owner or trainer on the grounds of a competition must be permitted to haul in hay, grain and bedding for their own horses, in accordance with the times and any specifications published in the prize list and on the entry form. Hay, grain, and bedding cannot be resold for commercial purposes by competition participants.

ii. Overnight stabling, on the competition grounds, must be provided for any accepted and confirmed entry in a section held on multiple days that has requested and paid for the stall(s) by the closing date of entries. Subject to competition management approval, additional entries may be accepted without stalls with exhibitor prior consent.

g. **Public Address (PA) System:** An electronic system comprising microphones and amplifiers used for the purpose of making announcements on competition grounds. The PA system must be audible and clear in all areas of the facility.

i. Competition management must test all communication systems prior to the start of competition to ensure that each component is operable, charged, and offers clear and consistent communication in all areas of the facility. Faulty components must be repaired or replaced prior to the start of competition.

h. **Portable Communication Devices:** The following people must be equipped with an operable communication device, such as handheld transceivers or personal cell phones, during each licensed competition day

i. All licensed officials;

ii. Main secretary(ies);

iii. Safety coordinator;

iv. At least one qualified medical employee;

v. Competition manager and/or facility manager;

vi. The official on-site veterinarian, if applicable;

vi. The official on-site farrier, if applicable; and

vii. Anyone serving a role critical to the efficient operation of the competition.

If communication devices are provided by competition management, competition management must ensure that all communication systems are operable, charged, and offer clear and consistent communication in all areas of the facility. Faulty components must be repaired or replaced prior to the start of competition.

i. **Night Watch:** Security and monitoring service offered to exhibitors, which must be available to contract at an additional cost, for horses stabled on the grounds.

j. **24-Hour Facility Security:** Security personnel in place to protect the facility against unauthorized entry and respond to emergencies.

k. **Horse Wash Areas:** A minimum of one horse wash area for each fifty (50) horses entered in the prior year must be available. Each horse wash area must have an operational water spigot, hose, and properly maintained drainage, so that water drains away from the wash area and stabling into a routed area or storm drain.

l. **Competition Office & Staff:** Office must be operated with enough staff to process workload in a timely manner. Office must keep current and accurate records of event participants, staff and officials, and contact information. The competition office must clearly state its hours of operation outside the office on each licensed day.

m. **Results Posted:** Results must be available at the show office or on the internet within four hours of the conclusion of the section.

n. **Competition Website:** The competition website must provide current information and resources applicable to the facility and competition, including prize list, entry form or access to online entry system, updated schedules, class entry numbers, competitor services, facility map, and any other relevant information useful to competitors and trainers.

o. **Online Entry System:** The online entry system must meet all requirements for USEF competition entries.

p. **Electrical Outlets in Stabling:** If provided, electrical outlets or receptacles must comply with applicable sections of the Occupational Safety and Health Administration (OSHA), National Fire Protection Association (NFPA), National Electrical Code, National Electrical Safety Code, and state-adopted electrical codes.

q. **Separate Motor Vehicle and Horse Traffic:** In high traffic areas, well-maintained paths must be in place throughout the facility that separate motor vehicles from horses and pedestrians and designated with legible signage.

r. **Drainage System:** Drains must be in place at each stabling area and wash area so that water drains away from stabling into a routed area or storm drain. Each must be operable, safe, well-maintained, and cleared periodically, to prevent the accumulation of rain and ground water.

s. **Food and Beverage Service:** At least one staffed food and beverage service area must be available on the competition grounds. Hours of operation must be posted and announcements notifying exhibitors of closing times must be made at least one hour prior to closing.

HJ144 HJ108 Horse Entry Numbers Exceed Five Hundred the Previous Year Based on Drug Fees Paid or Duration of Competition or Series of Competitions Exceeds Twenty-One Days without a Break of five (5) consecutive calendar days

When Horse Entry Numbers exceed five hundred (500) the previous year based on drug fees paid or licensed series of competitions under the same license licensee are scheduled for a period of twenty-one (21) days or more without a break of at least five (5) consecutive calendar days, additional HJS must be met for exercise and lunge **lunging area** requirements. These HJS apply to all rated or combinations of rated competitions without regard to the fact that the rating may be different. When the number of horse entries and days of competition are as described herein, the following HJS requirements are in lieu of existing exercise and lunge requirements set forth as HJS for rating: Premier, National, Regional I or Regional II.

1. Outdoor competitions. When the above conditions set forth in HJ144 **HJ108** exist, the following minimum requirements must be met for exercise and lunge areas on both competition and non-competition days: Required Exercise/Lunge area 45,000 square feet.
Additional 10,000 square feet for each increment of 100 horses. Up to a maximum total area requirement of 135,000 square feet.

- a. A minimum of one (1) lunge area of at least 20,000 square feet not being used at the time as competition rings, schooling areas and/or exercise areas must be available during competition hours between the hours of sunrise and sunset. This area is considered part of the total area required for the exercise/lunge area.
- b. The exercise area must be available for at least five (5) contiguous hours within each calendar day between the hours of sunrise and sunset. The exercise area schedule (if area is not always available) must be posted in the horse show office prior to the first day of competition. This area is required to be available on both competition days and during non-competition days when there are less than five (5) consecutive calendar days of break without scheduled competitions.

2. Indoor competitions. When the above conditions set forth in HJ144 **HJ108** exist, the following minimum requirements must be met for exercise and lunge areas on both competition and non-competition days.
Required Exercise/Lunge area 30,000 square feet
Additional 10,000 square feet for each increment of 100 horses

- a. The exercise area and lunge area must be available for at least two (2) periods of two (2) contiguous hours between 5:00 am and 12:00 midnight, and lighted as specified in HJ101.6. This exercise area period is required to be available on days when competitions are scheduled and during non-competition days at least eight (8) contiguous hours between 5:00 am and 12:00 midnight when there are less than five (5) consecutive calendar days without scheduled competitions. Exercise areas must be lighted as specified in HJ102.6 **HJ106.2.f and GR 834.2**.

HJ115 HJ109 HJS Requirements for Federation Special Competitions and/or Jumper Level 6 Events

1. — The purpose of this rating/level category is to allow the production of a special competition entertainment Event. This Event may be held in connection with a highly promoted and attended, and/or broadcast hunter and/or jumper competition. The venue and promotion of the Event would benefit the sport of Equestrian in a manner that would reflect favorably on the discipline of hunters and/or jumpers.
2. — HJS applicable to the Event would be those set forth for a Premier competition. The special competition Event may not be required to meet all of the standards (including HJ competition standards) for a Premier hunter or jumper Level 5 competition, and a waiver may be authorized by the Federation, following consultation with the applicable Recognized Affiliate, to operate with modified standards for the Event.
3. — The purpose of this Special competition rating is not to allow a scheduled licensed competition to operate other than in accordance with the minimum standards set forth above.
4. — Special competition Event(s) may count for awards if they qualify and are approved by the Federation, following consultation with the applicable Recognized Affiliate, for the award participation.
5. — An application to conduct a Special hunter and/or jumper competition, that requires a waiver or modification of the HJS or other standards applicable to a hunter and/or jumper competition, as either part of an existing competition or a separate competition, must receive approval by the Federation following consultation with the applicable Recognized Affiliate in accordance with GR309.

6. — Mileage protection would not apply to a Special competition, unless the Special competition occurs within an existing licensed competition that has been licensed by the Federation, and already has mileage protection. Any mileage protection must be specifically requested and approved by the Federation, following consultation with the applicable Recognized Affiliate in accordance with GR309.

HJ118 Federation Hunter/Jumper or Hunter/Jumper – Local Competitions

All “Local” and Jumper Level 1 competitions must meet the Standards forth in HJ100 through HJ105. No additional option selections are required.

SUBCHAPTER HJ-3 4 COMPETITION SCHEDULING AND PRIZE MONEY

See also GR901.21b, GR901.24 and Chapter GR3.

All competitions must state their competition rating clearly on the cover of the prize list.

HJ119 HJ109 Premier Rated Competitions

1. Must be held and judged over a minimum of five (5) days on the same competition grounds.
2. Number of horse entries required for a Premier rated hunter or HJ competition is a minimum of two hundred (200).
3. A minimum of fifteen (15) “A” rated Hunter sections listed in GR312.6 must be offered.
4. A minimum of ten “A” and/or “C” rated hunter sections listed in GR312.6 must be held and judged., a maximum of four of which can be “C” rated sections. Ladies Side Saddle does not count towards these requirements.
5. Scheduling
 - a. A minimum of two performance classes from two different “A” rated Hunter sections must be scheduled and judged on four of the five days.
 - b. Classes in recognized sections must run on consecutive days. (Exception: Hunter Classics)
6. The High Performance Hunter section must be offered.
7. Prize Money
 - a. A minimum of \$24,000 in prize money, including add-back money if any, must be paid in the rated Hunter sections of a Premier competition. If an add-back is offered, the minimum required prize money for that section must be guaranteed, and the add-backs must be clearly indicated in the prize list. *Money from model classes does not count towards this requirement.
 - b. A maximum of \$5,000 of Hunter Classic, USHJA National Hunter Derby, USHJA Pony Hunter Derby, USHJA Green Hunter Incentive, and/or USHJA Green Hunter Challenge prize money can be used towards calculating the \$24,000 of prize money, including add-back money if any, which must be paid for a Premier rated competition.
 - c. If sections are canceled or entries are insufficient to award all prize money, then additional money not awarded must be pooled and redistributed 60% to the champions, and 40% to the reserve champions of the remaining “A” rated hunter sections. Model classes do not count towards the number of required classes to meet the rating requirement, therefore the prize money offered in Model classes cannot be used to determine the amount of required prize money to calculate the Premier rating.
